Quizzam 3

July 12, 2010

1. Look over the attached document.

2. Recreate both pages using Microsoft Word. Make sure to follow *all* the formatting directions. The image can be found in the shared/computerscience/quizzam3 directory and is called robot.jpg.

3. Save your file in the computer science folder on your desktop as yourname_quizzam3.doc, where yourname is replaced with your first name.

4. When you're done, log out of your machine and work on homework for another class.
